Re: Notice of Intended Proceedings – Harassment, Defamation, Breach of Privacy, and Coordinated Misconduct

Dear Mr. [redacted]

Our firm represents Simone Marshall and Simon Goldberg and acts on behalf of the members of Empower The People PMA ("EtP"). This letter serves as formal notice of your continued and escalating harassment, defamation, breach of privacy, and coordinated misconduct. It follows earlier cease-and-desist notices served on July 21, 2025 and January 12, 2026, both of which you ignored.

1. You are not a journalist

You are a private individual operating under multiple aliases ("Michael Toon", "McToon", "Eric Benson"). You have no editorial oversight, no affiliation with any recognized journalistic body, and no history of independent reporting. Your conduct does not meet any recognized journalistic standard, nor have you provided any evidence you are a journalist.

2. Documented association with Mr Fadhley and UK defendants

You have a long-standing relationship with Mr Salim Fadhley (a.k.a. "Raynard Wilson", "Collin Suderman"), who is currently facing criminal prosecution in the United Kingdom for harassment. Evidence shows you have coordinated with Mr Fadhley and others in the same or similar campaign, including but not limited to:

(a) publishing and republishing private, confidential, and proprietary materials;

(b) uploading and distributing copyrighted educational content and internal financial data;

(c) publishing malicious, false, and defamatory statements concerning Mr Goldberg;

(d) directing others to mirror stolen materials and harass our clients;

(e) updating your websites as recently as October 2025 to include additional stolen and confidential content.

Your conduct is knowing, deliberate, and malicious.

3. Your conduct forms part of a coordinated harassment campaign

You have:

(a) published confidential and private materials belonging to our clients without authorisation;

(b) encouraged followers to mirror stolen content and engage in harassment;

(c) attempted to provoke Mr Goldberg into monetised online "debates";

(d) used multiple aliases to conceal your identity;

(e) coordinated publication timing with individuals now facing criminal charges.

Your recent emails to our clients' UK barrister, Gary Summers, and to Mr Goldberg directly, are a continuation of this same pattern of harassment and constitute interference with active criminal proceedings. These communications will be brought to the attention of the UK court and relied upon in support of any and all legal proceedings in Minnesota.

4. Your present "press enquiry" is not legitimate

You previously published the materials you now claim to be "inquiring" about, without ever seeking comment or clarification. You encouraged others to mirror those materials and used them for monetization and harassment. Your present request is not a genuine enquiry but a further attempt to interfere with ongoing legal proceedings and to continue your pattern of conduct.

5. You have already been served notice

You were served with a cease-and-desist notice on **July 21, 2025**, and a follow-up letter on **January 12, 2026**. You ignored both. Your continued conduct is therefore knowing, deliberate, and malicious.

6. UK proceedings are sub judice

Matters relating to Empower The People and the individuals you refer to are currently before Chelmsford Magistrates' Court in Essex, England. The proceedings are sub judice. Any further publication by you relating to these matters will be met with formal resistance through reporting and takedown processes and preserved as evidence.

All future publications, communications, or online activity relating to our clients will be monitored and retained for use in any Minnesota proceedings.

7. Notice of intended proceedings in Minnesota

Minnesota Statute §609.748 defines harassment broadly. The evidence we possess includes multiple acts that fall squarely within the statutory definition, including but not limited to:

(a) repeated unwanted contact;

(b) targeted online harassment;

(c) doxxing;

(d) publishing private/confidential information;

(e) coordinated harassment with others;

(f) attempts to interfere with legal proceedings;

(g) cyber intrusion / hacking;

(h) false impersonation;

(i) threatening further publication.

These are not isolated incidents. We consider the evidence meets the statutory threshold.

Accordingly, our clients intend to pursue:

(1) a Harassment Restraining Order (HRO) against you in Minnesota;

(2) civil proceedings for harassment, defamation, invasion of privacy, and related torts;

(3) recovery of all legal costs and damages.

Your recent conduct will be relied upon as evidence of wilfulness.

8. Confirmation of address for service

[redacted] Please confirm that your current residential and mailing address is:

[redacted]

If this is incorrect, you must provide your correct address for service.

9. False statements to an officer of the court

You recently provided false information regarding your identity to our clients' UK barrister. This will be included in the evidence supporting both UK and Minnesota proceedings.

Demands

You are hereby directed to take the following actions immediately upon receipt of this letter:

1. Cease and desist all further harassment and publication

Immediately cease any further direct communications with Ms Marshall, Mr Goldberg, EtP, or their UK Barrister.

Immediately cease any further publication, distribution, or dissemination of materials relating to Ms Marshall, Mr Goldberg, or EtP.

2. Remove all existing materials

Remove all materials relating to our clients from any website, platform, or digital repository under your control or influence, including but not limited to:

(a) mctoon.net

(b) archive.org

(c) letmeexpose.is

(d) theentrepreneurtab.com

(e) scam.earth

(f) youtube.com

(g) any mirrors, backups, or derivative postings

3. Preserve all evidence

You are instructed to preserve all documents, files, communications, metadata, logs, and records relating to:

(a) your acquisition of the materials,

(b) your publication of the materials,

(c) your communications with third parties (including the UK defendants),

(d) your hosting arrangements,

(e) and any attempts to delete or alter evidence.

Destruction or alteration of evidence will be treated as spoliation and raised with the court.

4. Provide written confirmation

We are requesting you provide written confirmation of full compliance with the above demands.

Notice of further action

If you fail to comply within seven (7) days, our clients will pursue all available remedies under applicable state and federal law. They are fully prepared to proceed and will do so without further notice to you.

This letter is sent without prejudice to all rights and remedies available to our clients.

You may respond to our office via email or mail.

Sincerely Yours,
